

PureSetup License Agreement

Terms of Use for PureSetup iRacing Setups

License Grant

This product is licensed, not sold. By downloading or using any PureSetup file you are granted a non-transferable, single-user license to use the setup files strictly for your own personal sim racing activities within iRacing.

Prohibited Actions

The following actions are strictly prohibited without explicit written permission from PureSetup:

- Sharing setup files with other drivers, teams, communities, or third parties.
- Uploading PureSetup files to forums, Discord servers, cloud drives, or file-sharing platforms.
- Reselling, redistributing, or repackaging PureSetup setups in any form.
- Including PureSetup setups inside coaching services, setup bundles, or datapacks.
- Modifying the setups and distributing them as your own work.

Anti-Piracy Notice

PureSetup actively monitors unauthorized distribution of its intellectual property. Any detected piracy, redistribution, or resale of PureSetup files will be documented and may result in immediate legal action. Violations may expose the offender to civil liability for copyright infringement and financial damages.

PureSetup reserves the right to revoke access to any user found violating these terms and to pursue all available legal remedies to protect its intellectual property.

© PureSetup – All rights reserved. This document forms part of the PureSetup datapack and applies to all distributed setup files.
